

# General & Medical

---

**Participating Hospitals**  
*and Medical Facilities*

**General & Medical are constantly building on existing relationships with our hospitals and medical facilities, to ensure you receive the very highest standards of care at a choice of over 530 facilities nationwide.**

A vital part of any Private Medical Insurance Scheme is the facilities available to clients in which treatment may be undertaken. General & Medical have an extensive list of facilities which we refer to as our Participating Hospitals. The costs of treatment within different facilities can vary enormously and as a result we are able to adjust our premiums to reflect the lower costs of treatment at certain facilities. We group our participating hospitals accordingly and call them 'First Choice', 'Freedom' and 'Premium' hospitals. Each level of cover available can be purchased with whichever Participating Hospital 'group' you feel will best suit your requirements.

### **First Choice Hospitals**

First Choice are a select group of private hospitals throughout the UK, with whom General & Medical have a close association. These include Spire Healthcare, Ramsay Healthcare and BMI facilities. If you choose First Choice Hospitals as part of your cover you will benefit from our lowest fees.

### **Freedom Hospitals**

Freedom Hospitals include all First Choice facilities and gives access to an additional 400 facilities, both NHS and private. If you choose Freedom Hospitals with your cover and choose to be treated at a First Choice facility you will be entitled to a cash benefit of £100 per night to reflect the lower cost of hospital stay.

### **Premium Hospitals**

Our Premium Hospitals are specialist facilities that due to their location and reputation are able to charge substantially more for their medical services. Our Premium Hospitals can be added as an extra upgrade to our Freedom Hospitals giving a comprehensive selection, however this is subject to an increase in your monthly fee.

## General Information

### A Participating Hospital is:

A hospital which General & Medical have either approved, or charge within reasonable guidelines for the treatment of our clients. These hospitals are listed within our Participating Hospital List.

### A Non-Participating Hospital is:

A hospital that is not on our list of Participating Hospitals because:

- General & Medical do not have arrangements with them, or
- they charge outside reasonable limits, or
- in the opinion of General & Medical, they do not offer the standard of facilities, which our clients deserve.

Before booking your treatment, please note the following.

If out of clinical necessity you require to use a Non-Participating Hospital, or a Participating Hospital that is outside the Hospital List appropriate to your selected level of cover, you are free to do so. However, please note that in these circumstances General & Medical will only pay the amount deemed reasonable, (up to the limits listed in table A below), towards the cost of a claim covered under your membership.

### Freedom Cashback:

Where a member has chosen the Freedom Hospitals option or the Premium Hospitals option when purchasing cover, but elects to use a First Choice facility when requiring In-patient or Day Case treatment for an eligible procedure the member may claim the Freedom Cashback benefit. General & Medical will pay a £100 Cash Benefit, per night in the case of In-patient treatment or as a single payment in the case of any Day Case treatment. Freedom Cashback is subject to a maximum of £1,000 per person in any membership year.

This list details the Hospitals, both Private and NHS, throughout the UK and the Channel Islands. It is intended as a guide only and is subject to change from time to time.

Please contact General & Medical on **0800 970 9442** if you have any specific questions.

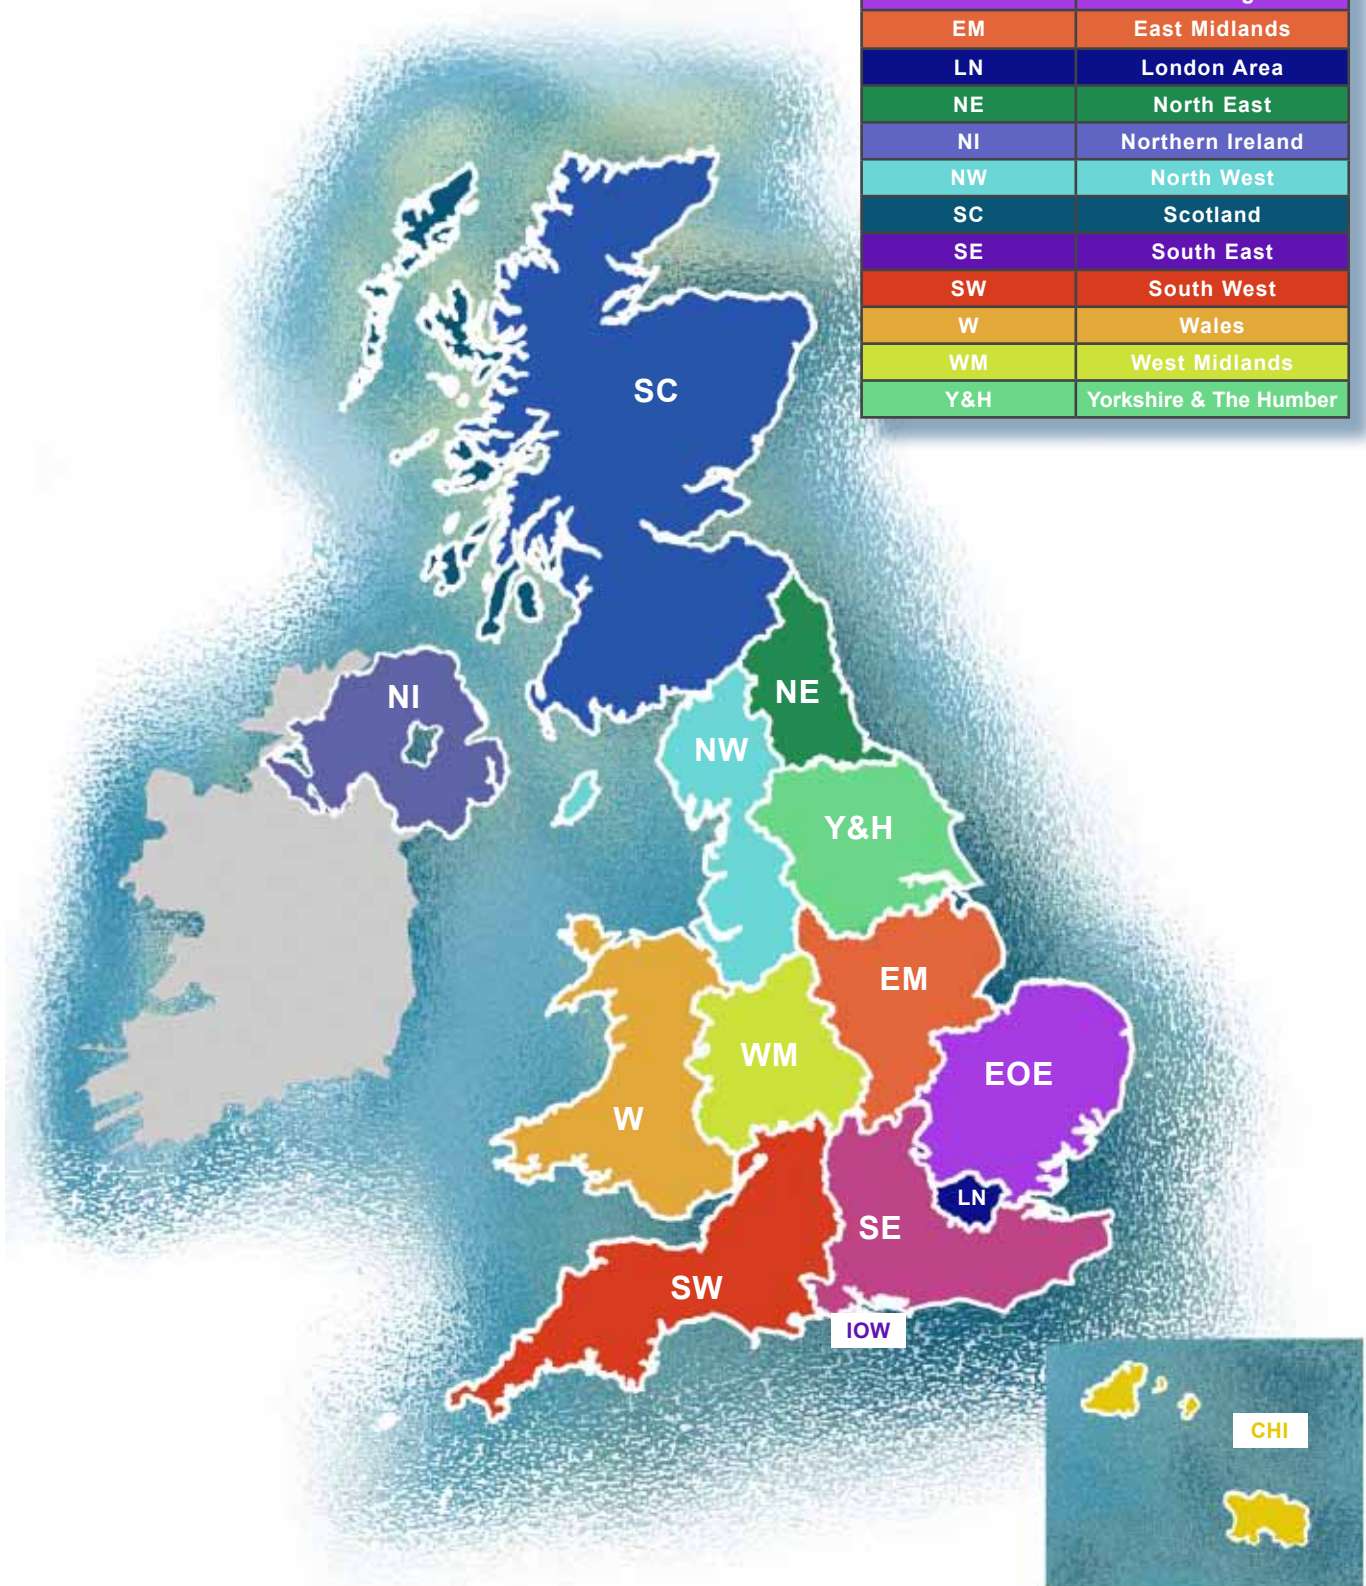

**Table A**

Your Selected Hospital Level	Chosen Level of Hospital for Treatment			
	First Choice Hospitals	Freedom Hospitals	Premium Hospitals	Non Participating Hospitals
First Choice	100%	75%	50%	50%
Freedom	100%	100%	50%	50%
Premium	100%	100%	100%	50%

For the latest hospital information please visit [www.generalandmedical.com](http://www.generalandmedical.com) and select Hospital finder.

## By Specialist Hospital

Paediatric			Oncology	
Berkshire Independent Hospital	8	<p>This brochure includes all Hospitals that are available to our Clients for treatment. All regions of the country will have centres that provide care in Paediatrics, Cardiac Revascularisation, Oncology and other health services. However, the Hospitals listed in this Specialist Hospitals Section have been recognised as having met certain best practices for the specialities referred to, based on published performance and service data. Due to the nature of these specialities, the lists of Hospitals below are centred in more densely populated areas throughout the UK. It is important to note that our Clients are not restricted to receiving treatment from the specialist centres / facilities listed here.</p>	BMI Mount Alvernia Hospital	22
