

General & Medical

Participating First Choice

Hospitals and Medical Facilities

General & Medical are constantly building on existing relationships with our First Choice hospitals and medical facilities, to ensure you receive the very highest standards of care at a choice of over 160 facilities nationwide.

A vital part of any Private Medical Insurance Scheme is the facilities available to clients in which treatment may be undertaken. General & Medical have an extensive list of facilities which we refer to as our Participating Hospitals. The costs of treatment within different facilities can vary enormously and as a result we are able to adjust our premiums to reflect the lower costs of treatment at certain facilities.

First Choice Hospitals

First Choice are a select group of private hospitals throughout the UK, with whom General & Medical have a close association. These include Spire Healthcare, Ramsay Healthcare and BMI facilities. By choosing First Choice Hospitals you will benefit from our lowest premiums.

In addition, you will have access to all the facilities listed in this brochure and the peace of mind that the relationship between General & Medical and this select group of medical providers is a strong one.

General Information

A Participating Hospital is:

A hospital which General & Medical have approved, and charge within reasonable guidelines for the treatment of our clients. These hospitals are listed within our Participating Hospital List.

A Non-Participating Hospital is:

A hospital that is not on our list of Participating Hospitals because:

- General & Medical do not have arrangements with them, or
- they charge outside reasonable limits, or
- in the opinion of General & Medical, they do not offer the standard of facilities, which our clients deserve.

Before booking your treatment, please note the following.

If out of clinical necessity you require to use a Non-Participating Hospital, or a Participating Hospital that is outside the Hospital List appropriate to your selected level of cover, you are free to do so. However, please note that in these circumstances General & Medical will only pay the amount deemed reasonable, (up to the limits listed in table A below), towards the cost of a claim covered under your membership.

Table A

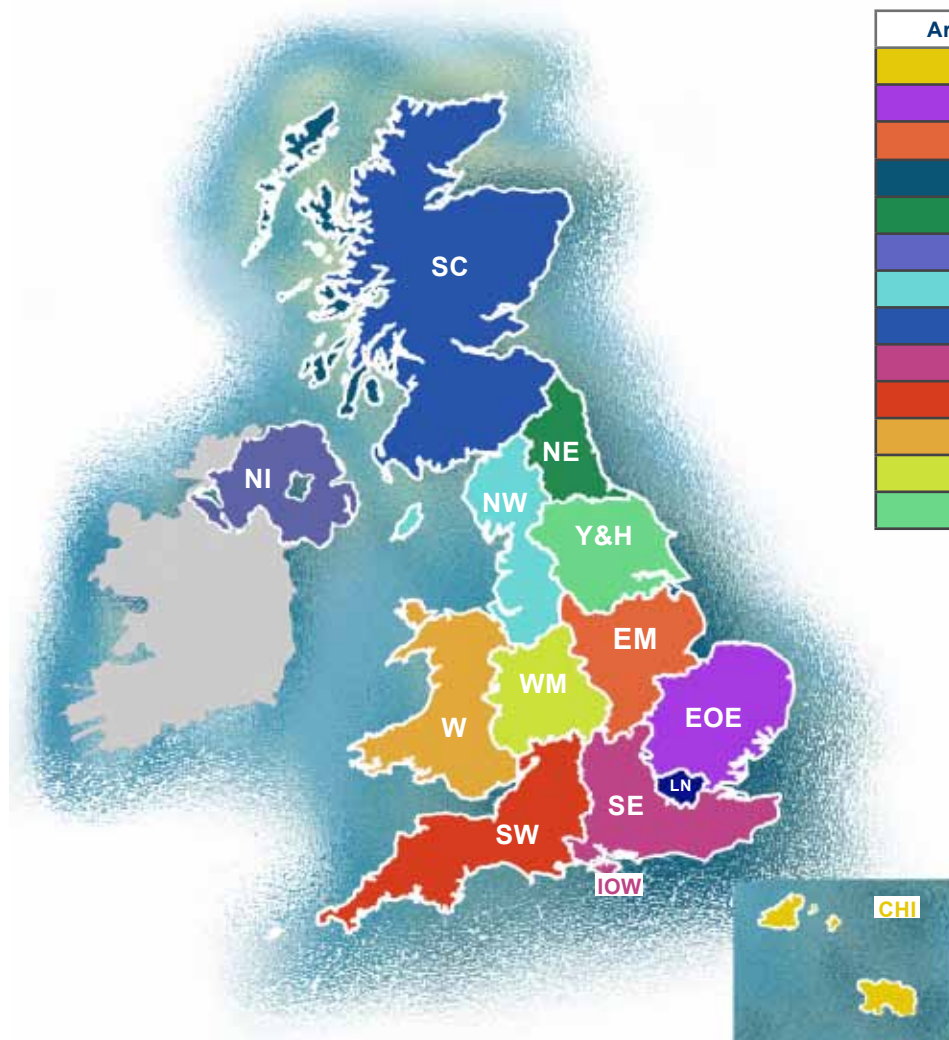

Your Selected Hospital Level	Chosen Level of Hospital for Treatment			
	First Choice Hospitals	Freedom Hospitals	Premium Hospitals	Non-Participating Hospitals
First Choice	100%	75%	50%	50%

another way to find your hospital

Remember, even if you don't have your Participating Hospital List to hand you can still find a hospital near you. If you have access to the internet, simply log on to www.generalandmedical.com and click on the hospital finder, or call us on freephone 0800 970 9442.

The image shows a screenshot of the General & Medical website homepage. The page features a navigation bar with links for 'homepage', 'secure login', 'International', 'sportspeople and clubs', 'small to large businesses', and 'Individuals and families'. A large banner reads 'Celebrating 21 years as a healthcare specialist'. Below the banner, there are several sections: 'benefits to private medical healthcare' with a 'click here' button, 'corporate solutions' with a 'click here' button, 'we can call you back' with a 'click here' button, and 'brokers and introducers' with a 'click here' button. A red circle highlights the 'find the hospital convenient for you' link, which includes a blue 'H' icon and a 'click here' button. The footer contains the company name, registration information, and logos for 'GMS' and 'LAC'.
