Healthcare*Connect* - a unique concept

Healthcare*Connect* from General & Medical was designed to complement our existing range of company paid Private Health Insurance Schemes.

Healthcare*Connect* gives employees and members of associations access to our wide range of covers and our first class, personal service - but at discounted rates.

By offering your employees or members the opportunity to join **Healthcare*Connect***, you can enhance your overall employee benefits package at no extra cost to your organisation. You can offer the benefits of discounted Private Health Insurance and enjoy the rewards of a happier, healthier workforce whilst attracting and retaining the best people.

Our **Healthcare*Connect*** scheme is flexible, allowing you to offer discounted Private Health Insurance and generate an income for your organisation in the form of a commission for every policy taken out. For example, many sports clubs have set up **Healthcare*Connect*** schemes and a popular use of this revenue stream is to spend it on youth related activities to encourage the next generation of players. Similarly, we work with charities that value the income as additional donations.

It is easy and free to set up, requiring no administration on your part. Additionally, **Healthcare*Connect*** does not give rise to PIIID benefits, as each employee is responsible for paying their own premiums.

It is in your interests to promote the **Healthcare*Connect*** scheme through your website or intranet. We will provide you with a branded link to your own area of our website. But remember, our **Healthcare*Connect*** schemes place no administrative or cost burden on you. All you have to do is complete an application form and leave everything else to us!

Participating hospitals - more choice

A vital part of any Private Health Insurance scheme is the available medical facilities, in which treatment may be given. With General & Medical, whichever level of cover is chosen, members have access to over 1,000 of some of the best private hospitals and medical facilities throughout the UK. Find your nearest hospital by visiting www.generalandmedical.com/hospitals

Hospital Choices

At General & Medical we have one of the largest selections of hospitals and medical facilities compared to any UK health insurer. We call these our Participating Hospitals and they include the majority of the leading national private hospital groups and the NHS private patient units, giving access to the most modern facilities available in the UK.

Most of our Participating Hospitals provide a single private room with en-suite facilities for in-patient accommodation, together with a choice of menus, flexible visiting times and other facilities consistent with a modern private facility. This gives members timely access, privacy and the dedicated care and comfort they deserve.

The cost of treatment between different facilities can vary enormously, so we have grouped our Participating Hospitals to give three levels of choice. In this way, we are able to reflect the lower cost of treatment at certain facilities by reducing payments according to the hospitals chosen.

First Choice

Our First Choice hospitals are a select group of private hospitals and clinics at locations throughout the UK, including London, with whom General & Medical have a close association. These include Spire Healthcare, Ramsay Healthcare, BMI and Nuffield facilities. If you choose our First Choice Hospitals, you will benefit from our lowest monthly payments.

Freedom

Freedom hospitals include all First Choice facilities and also give members access to additional facilities throughout the UK, including NHS hospitals with private facilities attached, plus a number of central London facilities.

Premium

Premium hospitals are specialist facilities, normally found in central London that due to their reputation and location are able to charge substantially more for their medical services.

For full details of our hospital list, please ask for our Participating Hospitals brochure or please visit www.generalandmedical.com/hospitals

Healthcare *Connect* & support

Implementing our HealthcareConnect scheme for your organisation is a very straightforward process. There are no awkward complications for Accounts and Human Resources departments and the scheme does not give rise to a P11D benefit for members.

All you need to do is inform your employees about the availability of the scheme. To ensure awareness of the scheme we will support you with a range of branded media, at no cost to you. For example:

- Posters for display in communal areas.
- Promotional leaflets or emails that can be circulated throughout your organisation.
- Branded display banners for reception area.
- Company intranet hyperlink or image linking directly to General & Medical's **HealthcareConnect** website.

The **HealthcareConnect** scheme is delivered through an online quotation and application portal, so all information about the scheme is available to members in one place on the General & Medical website. There are no brochures to circulate or forms to fill in.

The discount agreed for members will automatically apply to quotes generated. Information on our covers and application forms are available from the General & Medical website, so it's easy for people to apply for cover. After an application has been processed and accepted, all policy documentation will be sent direct to the applicant.

Finally, as part of the implementation process, you will be sent log in details to a secure area of our website where you can:

- Tell us about any changes to your contact details.
- Access statistical information about the scheme such as the number of people who have taken out cover and the type of cover applied for.
- View the number of people who have visited the **HealthcareConnect** site to obtain quotations.
