# Health Insurance - the business case

Your success depends on you and your employees so it is an investment to look after your health and theirs. Private Health Insurance is highly valued by employees as one of the most important benefits an employer can provide to their staff.

## The Business Benefits

Private health insurance provides a sense of security and reassurance so businesses can enjoy the benefits of a happier, healthier, more satisfied workforce. It is at the top of the list for employers who want to demonstrate their concern for the well-being of their staff and there are real benefits to businesses that can easily outweigh the costs involved.

Employee turnover can be lowered significantly, especially if the benefit is extended to their family members. This is a genuine benefit which the whole family values. This helps businesses to retain their staff and in return, lowers recruitment and re-training costs.

As part of an overall employee benefit package, private health insurance will help your business attract and retain quality staff. Often, prospective employees will place a value on it above the equivalent monetary amount in salary.

Of course, employees will themselves benefit from fast diagnosis, with immediate access to consultants and the highest quality treatment, should they need it. The employee is seen and treated promptly and for the business this means that they return to work sooner, minimising any adverse effect on their productivity.

It is also worth remembering that health insurance premiums can usually be treated as a tax-deductible business expense, reducing a company's tax liability and so improving its bottom line.

# Health Insurance - get well sooner

If one of your employees were to experience worrying symptoms, Private Health Insurance can give some control over the situation. Diagnosis can be almost immediate and treatment available promptly thereafter.

**Flexibility with your premium**

**Health and wellbeing support & EAP**

**Exclusive rewards**

**A wide range of coverage**

## **Choice and Convenience**

When a General Practitioner says tests or treatment are needed there are no NHS waiting lists to worry about. Appointments can be made at a chosen hospital within days. If further investigations or surgery is needed, there is further choice available regarding the hospital to attend and the consultant who will perform the procedure. Treatment can also be arranged on a date and at a time that best fits around work or family commitments.

## **Quality Care**

Patients at any one of our selected private hospitals or medical facilities will usually have their own room with en-suite facilities. They will normally have the same consultant throughout their treatment and benefit from nursing staff who have time to dedicate to personal care. Excellent food and unrestricted visiting hours is another benefit.

## **Dedicated First-class Claims Service**

No call centers or queues; each corporate client gets a dedicated Health & Care Support Specialist(s) who helps with claims and admin updates. Our experts are experienced in medical claims and make direct hospital payments for a hassle-free recovery experience.

# Ways To Enhance Your Scheme

You can enhance your scheme by, for example, choosing Module 1 instead of Business Prime or Freedom Hospitals instead of First Choice Hospitals. You should select the level of cover and hospital choice that best suits your needs and budget, but you can also choose to add any of the following options to enhance the benefits available from your healthcare scheme.

## Cover for pre-existing conditions

Cover for up to two pre-existing conditions, chosen at outset from the following list of defined conditions:

Acne	Diabetes	Hypertension
Arthritis	Eczema	Psoriasis
Asthma	Fibrocystic Breast Disease	Ulcerative Colitis
Carpal Tunnel Syndrome	Gastro-Oesophageal Reflux Disease	Varicose Veins
Crohn's Disease	Glaucoma	

For an additional premium, you can extend any members' cover for up to two of the pre-defined conditions. The cover is subject to an annual limit of £1,000 which rolls up year on year to a maximum of £10,000 after 10 years, provided cover has been continuous and there have been no claims relating to the pre-existing condition.

This option has helped some people to consider Private Health Insurance for the first time and has caused others with cover elsewhere, to switch to General & Medical.

### Cover for In-patient Mental Health

This option gives members cover for both in-patient and day-patient treatment if they are diagnosed with a mental health condition. Full cover is given for up to 28 days followed by up to an additional 12 days on a 50% co-share basis. A 12 month qualifying period may apply and full terms and conditions are given in your relevant policy documents.

### Channel Islands Cover

Residence of the Channel Islands can choose this upgrade specifically designed to offer additional benefit to supplement the treatment available to them.

For an additional premium we will cover the services provided by their Channel Islands G.P, including prescription costs, consultations and routine minor surgery. Cover is available for return travel costs to another Bailiwick or the UK, where you require medical treatment unavailable in the Bailiwick of your residency.

The cover will also provide benefit for travel and accommodation costs for parents or a qualified nurse accompanying a child for treatment. Benefit limits will be shown in the Schedule of Cover if this upgrade has been selected.

### Enhanced Benefit Option

This discretionary benefit offers enhancements to certain standard limitations on our schemes to better suit your requirements, including:

- 50% increase in limit for Therapies benefit where applicable to the cover chosen.
- We will allow charges from Consultants and Anaesthetists to exceed our published limits for treatment costs from Consultants and Anaesthetists by up to 20%, where necessary.
- We will extend our standard 90 day limit for receipt of invoices after treatment to 120 days.
- We will allow self-referral to a consultant for a consultation without the need to see a GP first.
- Claim 24/7 - there may be times when a claim needs to be authorised for a diagnosis to be undertaken almost immediately, this gives you the ability to pre-authorise an initial claim and then notify us to confirm full authorisation by our underwriters and we will then "reset the clock" enabling you to preauthorise another claim.

### Multi-Trip Travel Cover

Cover is available to those under the age of 80 at the time of the cover commencement. Total combined trips max 180 in any policy year, not exceeding 90 days duration each trip.

- Choose from Europe, Worldwide (excluding USA and Canada) or Worldwide (including USA and Canada).
- Up to £10,000,000 for emergency medical expenses including emergency repatriation.
- Cover for winter sports.
- Cover for possessions and for cancellation or curtailment of trips (monetary limits apply).
- Optional Business Travel Extension cover upgrade.

# Participating Hospitals - more choice

A vital part of any Private Health Insurance scheme is the available medical facilities, in which treatment may be given. With General & Medical, whichever level of cover you choose, you'll have access to over 1,000 of some of the best private hospitals and medical facilities throughout the UK. Find your nearest hospital via your secure log in area at [my.generalandmedical.com/secure/login.aspx](https://my.generalandmedical.com/secure/login.aspx)

## Hospital Choices

At General & Medical we have one of the largest selections of hospitals and medical facilities compared to any UK health insurer. We call these our Participating Hospitals and they include the majority of the leading national private hospital groups and the NHS private patient units, giving you access to the most modern facilities available in the UK.

Most of our Participating Hospitals provide a single private room with en-suite facilities for in-patient accommodation, together with a choice of menus, flexible visiting times and other facilities consistent with a modern private facility. This gives you timely access, privacy and the dedicated care and comfort you deserve.

The cost of treatment between different facilities can vary enormously, so we have grouped our Participating Hospitals to give you three levels of choice. In this way, we are able to reflect the lower cost of treatment at certain facilities by reducing premiums according to the hospitals you choose.

## First Choice

Our First Choice Hospitals are a select group of private hospitals and clinics at locations throughout the UK, including London, with whom General & Medical have close association. These include Spire Healthcare, Ramsay Healthcare, Circle Health Group and the majority of the Nuffield facilities. Those who choose our First Choice Hospitals benefit from our lowest premiums.

## Freedom

Freedom Hospitals include all First Choice facilities and give members access to additional facilities throughout the UK, which are mainly NHS hospitals with private facilities attached, plus most other London hospitals.

## Premium

Premium Hospitals are specialist facilities, that due to their reputation and location are able to charge substantially more for their medical services. You can include Premium Hospitals for an additional premium.

For full details of our hospital list, please visit:

[www.generalandmedical.com/hospitals](https://www.generalandmedical.com/hospitals)

## Ways to Reduce your Premiums

If reducing your premiums would help you to meet your budget, you can of course, choose a lower level of cover, for example by choosing Module 1 instead of Module 2 or by restricting your hospital choice to First Choice only. You can also significantly reduce your premiums by adding an excess to your scheme.

### Policy Excess

Understanding the concept of an excess is pivotal in navigating the intricacies of insurance, and at General & Medical, we believe in helping our clients with comprehensive knowledge to make informed decisions.

An excess is an amount agreed in advance that you or each person on your policy pays towards the cost of a claim. For example, you opt for a £250 excess per claim. and your treatment for one eligible claim costs £5,000, you would pay the first £250 and the remainder would be covered by us.

We recognise the significance of flexibility in insurance. Hence, we offer a spectrum of excess options, you can add an excess of £75, £100, £150, £200, £250, £500, £1000, £2000 or £3000. At the start of the policy, you choose whether the excess applies once per policy year or to each claim. It's important to note that if you choose an excess per policy year and your treatment for an eligible claim carries on into the next policy year, another excess will apply.

Remember - the higher the excess, the lower your premium. For example, even an excess of £250 per claim could reduce your premium by 20%. The important thing is to choose a level of excess that you can comfortably afford.

# Multi-Trip Travel Insurance Upgrade

For an additional fee per member, Multi-Trip Travel Insurance can be added to upgrade your cover in conjunction with our Private Health Insurance.

We have three levels of cover available: Europe (including Republic of Ireland, Canary Islands, Iceland, Madeira and countries bordering the Mediterranean.), Worldwide (excluding USA and Canada) or Worldwide (including USA and Canada).

# Underwriting Options

Our Private Health Insurance schemes are designed to cover new and unexpected medical conditions. We offer a choice of underwriting options as described below. Please take your time to read about the options as this is important information you will need to know.

## Full Medical Underwriting

This means we ask medical declaration questions about past health. Any pre-existing conditions and related conditions will be excluded unless we agree to accept them. These exclusions will be shown on your Schedule of Cover.

## Moratorium

For Moratorium underwriting, we do not need a medical declaration completed. Instead, we will not cover treatment of any pre-existing condition or any related conditions if there have been symptoms (even if a medical opinion has not been sought), medication, treatment, diagnostic tests or advice relating to that condition or any related condition in the 60 month period prior to the member joining the scheme. However, we may agree to cover a pre-existing condition or related condition providing the condition or any related condition does not remain present, including in remission and only if there have been no symptoms, medication, diagnostic tests, treatment or advice for such conditions during a continuous 24 month period after joining the scheme.

## Continued Moratorium

You can apply on this basis if you are transferring from an existing scheme, which is underwritten on a Moratorium basis. We apply our Moratorium conditions as above with effect from the commencement date of the scheme from which you are transferring.

## Continued Personal Medical Exclusions

You can apply on this basis if you are transferring from an existing fully medically underwritten insurance scheme. We will apply the same personal medical exclusions to your cover with us that were applied to your previous scheme.

## Medical History Disregarded

Means that any pre-existing medical conditions will be covered providing they fall within the terms and conditions of the policy. Further detail is available on application.

## Continued Underwriting Options

For all continued underwriting options proof of previous insured terms will be required and you may need to state whether anyone on the scheme has suffered from cancer, heart, psychiatric or orthopaedic joint conditions in the past, depending on the size of the scheme as additional terms may apply.

## Medical Records

A copy of your medical history or a medical report may be requested at the start of any claim.

## Will my premium go up at renewal?

We review your premiums annually to reflect the overall cost of claims and medical inflation. Our schemes are priced using age bands, reflecting that people are more likely to claim as they get older. This means that you could see an age-related increase in your premium in addition to our general review.

Your premium can be influenced by other factors such as the availability of new treatments, medical technologies and any claims made on your scheme.

## How do I make a claim on my Private Health Insurance policy?

You should contact your Health & Care Support Specialist before you see your consultant so that we can confirm your cover. Your Health & Care Support Specialist will be able to guide you through the process of claiming and let you know what is and is not covered. The full claims procedure is detailed in your relevant policy documents.

## How do I make a claim on my Emergency Medical Cover Outside The UK Policy?

To make a claim for emergency medical treatment whilst outside the UK please use the telephone numbers provided within your Schedule of Cover.

## How do I make a claim on my Multi-Trip Travel Policy?

To make a claim for Multi-Trip Travel please use the telephone numbers provided within your Schedule of Cover.

## Reasonable and Customary Charges

We look to contain claims costs wherever possible, to minimize the impact on your premiums. Medical diagnostics, technology and equipment are becoming more advanced day by day, and so more claims are being made each year. We aim to manage the costs arising from these claims according to a frequently reviewed fee schedule. We believe this schedule reflects reasonable and customary rates of remuneration for the procedures listed. The schedule shows the maximum amount payable towards each procedure. These fee schedules are issued to all affiliated medical specialists.

## What do I do if I have a complaint?
