General & Medical Healthcare specialise in providing quality Private Health Insurance to businesses and other organisations or associations, including sports clubs. We pride ourselves on our first class customer service, never forgetting our guiding principle, People first...always. We have been doing this for over 35 years.

General & Medical was established during the 1980's initially providing finance and insurance services to the professions within the UK. We have continued to evolve at an impressive rate and today provide private health insurance schemes to both UK and international clients. We have our main office in Peterborough, Cambridgeshire, with further administrative offices in London and Guernsey.

General & Medical maintain close links to the medical profession. We are the preferred provider of private medical insurance for the Association of Surgeons of Great Britain and Ireland. In addition, we retain a Medical Advisory Panel of fully independent surgeons and medical practitioners who work with us to advise us and help us to evolve.

With our dedication to providing a personal level of service to all clients, telephone calls are never routed through a call centre or held in a queuing system.

General & Medical clients are assigned a named Health & Care Support Specialist trained in medical terminology and claims handling.

Health & Care Support Specialists are always on hand to help and advise the administrators and members of the scheme.

As a health insurance specialist our attention is focused on providing compelling healthcare solutions and by building on solid foundations, we continue to grow steadily. Our customers have the reassurance that we will be there when they need us.

This brochure describes the schemes and options generally available to businesses in the UK but we have the flexibility to provide schemes with a mix of benefits, tailored to each company's particular needs. For example, if some or all of your employees work overseas, please ask about our range of international healthcare schemes.

Similarly, for the sports industry, our unique range of sports healthcare schemes provides cover for sports related injuries, sometimes not normally covered by many UK insurers. Please ask for a brochure.

Health Insurance - the business case

Your success depends on you and your employees so it is an investment to look after your health and theirs. Private Health Insurance is highly valued by employees as one of the most important benefits an employer can provide to their staff.

The Business Benefits

Private health insurance provides a sense of security and reassurance so businesses can enjoy the benefits of a happier, healthier, more satisfied workforce. It is at the top of the list for employers who want to demonstrate their concern for the well-being of their staff and there are real benefits to businesses that can easily outweigh the costs involved.

Employee turnover can be lowered significantly, especially if the benefit is extended to their family members. This is a genuine benefit which the whole family values. This helps businesses to retain their staff and in return, lowers recruitment and re-training costs.

As part of an overall employee benefit package, private health insurance will help your business attract and retain quality staff. Often, prospective employees will place a value on it above the equivalent monetary amount in salary.

Of course, employees will themselves benefit from fast diagnosis, with immediate access to consultants and the highest quality treatment, should they need it. The employee is seen and treated promptly and for the business this means that they return to work sooner, minimising any adverse effect on their productivity.

It is also worth remembering that health insurance premiums can usually be treated as a tax-deductible business expense, reducing a company's tax liability and so improving its bottom line.

Health Insurance - get well sooner

If one of your employees were to experience worrying symptoms, Private Health Insurance can give some control over the situation. Diagnosis can be almost immediate and treatment available promptly thereafter.

Choice and Convenience

When a General Practitioner says tests or treatment are needed there are no NHS waiting lists to worry about. Appointments can be made at a chosen hospital within days. If further investigations or surgery is needed, there is further choice available regarding the hospital to attend and the consultant who will perform the procedure. Treatment can also be arranged on a date and at a time that best fits around work or family commitments.

Quality Care

Patients at any one of our selected private hospitals or medical facilities will usually have their own room with en-suite facilities. They will normally have the same consultant throughout their treatment and benefit from nursing staff who have time to dedicate to personal care. Excellent food and unrestricted visiting hours is another benefit.

Dedicated First-class Claims Service

No call centers or queues; each corporate client gets a dedicated Health & Care Support Specialist(s) who helps with claims and admin updates. Our experts are experienced in medical claims and make direct hospital payments for a hassle-free recovery experience.

Ways To Enhance Your Scheme

You can enhance your scheme by, for example, choosing Module 1 instead of Business Prime or Freedom Hospitals instead of First Choice Hospitals. You should select the level of cover and hospital choice that best suits your needs and budget, but you can also choose to add any of the following options to enhance the benefits available from your healthcare scheme.

Available Modules, Options and Upgrades

The following options are available on all of our policies. Premiums may increase or reduce, depending on the option chosen:

Hospital Choices	First Choice, Freedom, Premium and Guided Care Hospital options are available throughout the range.
Excess Options	Excess options of between £0 and £3,000 are available throughout the range and can be chosen to apply once per membership year or to each claim.

The following optional upgrades to cover are available for an additional premium:

Cover for Pre-existing Conditions	<p>You can extend any member's cover for up to two pre-existing conditions, chosen at outset from the following list of defined conditions:</p> <ul style="list-style-type: none"> • Acne • Asthma • Diabetes • Eczema • Glaucoma • Hypertension • Psoriasis • Arthritis • Carpal Tunnel Syndrome • Crohn's Disease • Fibrocystic Breast Disease • Gastro-Oesophageal Reflux Disease • Ulcerative Colitis • Varicose Veins <p>The cover is subject to an annual limit of £1,000 which rolls up year on year to a maximum of £10,000 after 10 years, provided cover has been continuous and there have been no claims relating to the pre-existing condition. This option has helped some people to consider Private Health Insurance for the first time and has caused others with cover elsewhere, to switch to General & Medical.</p>
Enhanced Mental Health	This option gives members cover for treatment if they are diagnosed with a mental health condition, up to a maximum limit of 48 days per membership year for in-patient and/or day-case treatment, and up to a maximum limit of £2,000 per membership year for out-patient treatment. Full terms and conditions are available in your policy documents.
Multi-Trip Travel Cover	<p>Cover is available to those under the age of 80 at the time of the cover commencement. Total combined trips max 180 in any policy year, not exceeding 90 days duration each trip.</p> <ul style="list-style-type: none"> • Choose from Europe, Worldwide (excluding USA and Canada) or Worldwide (including USA and Canada). • Up to £10,000,000 for emergency medical expenses including emergency repatriation. • Cover for winter sports. • Cover for possessions and for cancellation or curtailment of trips (monetary limits apply). • Optional Cruise, Golf, Business Travel and Pre-existing Condition cover upgrades.
Dental Benefit	Our Dental Benefit is automatically included in our Business Elite level of cover, and may be added as an extra cost option to our other levels of Business Healthcare policies: Business Prime, Module 1 and Module 2. Our Dental Benefit pays towards routine dentistry needs, such as Examinations, Fillings, X-Rays, Root Canal Treatment and Crown and Bridge work, it also includes Emergency Dental Treatment (for example treatment which would normally be routine, but is necessary out of hours or at very short notice). This benefit will also pay towards Dental Injury needs, where treatment is necessary as the result of an accident. Sublimits and a 6 month qualifying period apply, and full terms and conditions are given in your relevant policy documents.
Optical & Audiology Benefit	Our standard Optical & Audiology Benefits are automatically included in our Business Elite level of cover, however our Optical & Audiology Benefit upgrade may be added as an extra cost option to our other levels of Business Healthcare policies: Business Prime, Module 1 and Module 2. Our Optical & Audiology Benefit upgrade pays benefit towards ophthalmic consultations and associated sight testing, as well as benefit towards hearing tests and prescription hearing aids. (Our Business Elite level of cover also includes additional Optical benefit which will contribute towards Spectacles and/or Contact Lenses, however this is not included in the upgrade for Business Prime, Module 1 and Module 2.)
Channel Islands Cover	Residents of the Channel Islands can choose this upgrade specifically designed to offer additional benefit to supplement the treatment available to them. For an additional premium we will cover the services provided by their Channel Islands G.P, including prescription costs, consultations and routine minor surgery. Cover is available for return travel costs to another Bailiwick or the UK, where you require medical treatment unavailable in the Bailiwick of your residency. The cover will also provide benefit for travel and accommodation costs for parents or a qualified nurse accompanying a child for treatment. Benefit limits will be shown in the Schedule of Cover if this upgrade has been selected.

Participating Hospitals - more choice

A vital part of any Private Health Insurance scheme is the available medical facilities, in which treatment may be given. With General & Medical, whichever level of cover you choose, you'll have access to over 1,000 of some of the best private hospitals and medical facilities throughout the UK. Find your nearest hospital by viewing our hospital finder at www.generalandmedical.com/hospitals

Hospital Choices

At General & Medical we have one of the largest selections of hospitals and medical facilities compared to any UK health insurer. We call these our Participating Hospitals and they include the majority of the leading national private hospital groups and the NHS private patient units, giving you access to the most modern facilities available in the UK.

Most of our Participating Hospitals provide a single private room with en-suite facilities for in-patient accommodation, together with a choice of menus, flexible visiting times and other facilities consistent with a modern private facility. This gives you timely access, privacy and the dedicated care and comfort you deserve.

The cost of treatment between different facilities can vary enormously, so we have grouped our Participating Hospitals to give you four choices. In this way, we are able to reflect the lower cost of treatment at certain facilities by reducing premiums according to the hospital option you choose.

Please visit: www.generalandmedical.com/hospitals

www.generalandmedical.com

First Choice - Our First Choice Hospitals are a select group of private hospitals and clinics at locations throughout the UK, including London, with whom General & Medical have close association. These include Spire Healthcare, Ramsay Healthcare, Circle Health Group and the majority of the Nuffield facilities. Those who choose our First Choice Hospitals benefit from our lowest premiums.

Freedom - Freedom Hospitals include all First Choice facilities and give members access to additional facilities throughout the UK, which are mainly NHS hospitals with private facilities attached, plus most other London hospitals.

Premium - Premium Hospitals are specialist facilities, that due to their reputation and location are able to charge substantially more for their medical services. You can include Premium Hospitals for an additional premium.

Guided Care - We tirelessly collaborate with carefully selected hospital groups to negotiate the best rates for our customers, choosing a Guided Care option will allow these purposefully selected facilities to provide you with the same high level of treatment so we can pass these savings on to you.

Premium Options

If reducing your premiums would help you to meet your budget, you can of course, choose a lower level of cover, for example by choosing Module 1 instead of Module 2 or by restricting your hospital choice to First Choice only. You can also significantly reduce your premiums by adding an excess to your scheme.

Policy Excess

Understanding the concept of an excess is pivotal in navigating the intricacies of insurance, and at General & Medical, we believe in helping our clients with comprehensive knowledge to make informed decisions.

An excess is an amount agreed in advance that you or each person on your policy pays towards the cost of a claim. For example, if you choose a £250 excess per claim and your treatment for one eligible claim costs £5,000, you would pay the first £250 and the remainder would be covered by us.

We recognise the significance of flexibility in insurance. Hence, we offer a range of excess options. You can add an excess of £75, £100, £150, £200, £250, £500, £1000, £2000 or £3000. At the start of the policy, you choose whether the excess applies once per policy year or to each claim. It's important to note that if you choose an excess per policy year and your treatment for an eligible claim carries on into the next policy year, another excess will apply.

Remember - the higher the excess, the lower your premium. For example, even an excess of £250 per claim could reduce your premium by 15%. The important thing is to choose a level of excess that you can comfortably afford.

Multi-Trip Travel Insurance Upgrade

For an additional fee per member, Multi-Trip Travel Insurance can be added to upgrade your cover in conjunction with our Private Health Insurance.

We have three levels of cover available: Europe (including Republic of Ireland, Canary Islands, Iceland, Madeira and countries bordering the Mediterranean), Worldwide (excluding USA and Canada) or Worldwide (including USA and Canada).

Underwriting Options

Our Private Health Insurance schemes are designed to cover new and unexpected medical conditions. We offer a choice of underwriting options as described below. Please take your time to read about the options as this is important information you will need to know.

Full Medical Underwriting

This means we ask medical declaration questions about past health. Any pre-existing conditions and related conditions will be excluded unless we agree to accept them. These exclusions will be shown on your Schedule of Cover.

Moratorium

For Moratorium underwriting, we do not need a medical declaration completed. Instead, we will not cover treatment of any pre-existing condition or any related conditions if there have been symptoms (even if a medical opinion has not been sought), medication, treatment, diagnostic tests or advice relating to that condition or any related condition in the 60 month period prior to the member joining the scheme. However, we may agree to cover a pre-existing condition or related condition providing the condition or any related condition does not remain present, including in remission and only if there have been no symptoms, medication, diagnostic tests, treatment or advice for such conditions during a continuous 24 month period after joining the scheme.

Continued Moratorium

You can apply on this basis if you are transferring from an existing scheme, which is underwritten on a Moratorium basis. We apply our Moratorium conditions as above with effect from the commencement date of the scheme from which you are transferring.

Continued Personal Medical Exclusions

You can apply on this basis if you are transferring from an existing fully medically underwritten insurance scheme. We will apply the same personal medical exclusions to your cover with us that were applied to your previous scheme.

Medical History Disregarded (available for 20+ adults only)

Means that any pre-existing medical conditions will be covered providing they fall within the terms and conditions of the policy. Further detail is available on application.

Continued Underwriting Options

For all continued underwriting options proof of previous insured terms will be required and you may need to state whether anyone on the scheme has suffered from cancer, heart, psychiatric or orthopaedic joint conditions in the past, depending on the size of the scheme as additional terms may apply.

Medical Records

A copy of your medical history or a medical report may be requested at the start of any claim.

Who provides the policy?

Where the benefits of your policy are insured, different insurers may underwrite them. For clarity we have detailed which insurers underwrite the benefits you may have, in the table below.

Are there any age limits?

You may join a General & Medical scheme as an individual from the age of 16 up to your 75th birthday. Once covered there is no upper age limit. Children under the age of 16 must be added to an adults policy.

Children are classed as a child up to their 21st birthday, or their 25th birthday if they remain in full time education. Proof of full time education must be provided.

Will my premium go up at renewal?

We review your premiums annually to reflect the overall cost of claims and medical inflation. Our schemes are priced using age bands, reflecting that people are more likely to claim as they get older. This means that you could see an age-related increase in your premium in addition to our general review.

Your premium can be influenced by other factors such as the availability of new treatments, medical technologies and any claims made on your scheme.

How do I make a claim on my Private Health Insurance policy?

You should contact your Health & Care Support Specialist before you see your consultant so that we can confirm your cover. Your Health & Care Support Specialist will be able to guide you through the process of claiming and let you know what is and is not covered. The full claims procedure is detailed in your relevant policy documents.

How do I make a claim on my Emergency Medical Cover Outside The UK or Channel Islands Policy?

To make a claim for emergency medical treatment whilst outside the UK or Channel Islands please use the telephone numbers provided within your Schedule of Cover.

How do I make a claim on my Multi-Trip Travel Policy?

How easy is it to switch from my previous insurer?

We make switching simple.

When switching, if you wish to continue any existing underwriting terms established with your existing insurer, all you have to do is submit a copy of the current policy wording and underwriting terms from your existing insurer with your application.

If you or anyone on the policy will be undergoing treatment at the time of switching just let us have details of the treatment plan so the treatment may continue without interruption.*

*Subject to the treatment plan being eligible under your chosen cover with us.

What do I do if I have a complaint?

To avoid misunderstandings, you must read the information supplied when taking out your cover. If you are unsure about any aspect of cover, you should contact your personal Health & Care Support Specialist. We're here to help. We are committed to providing a high level of service to all our clients but occasionally things can go wrong. If this happens, we will do what we can to put things right.
