Participating Hospitals - more choice

A vital part of any Private Health Insurance scheme is the available medical facilities, in which treatment may be given. With General & Medical, whichever level of cover you choose, you'll have access to over 1,000 of some of the best private hospitals and medical facilities throughout the UK. Find your nearest hospital by viewing our Hospital Finder at www.generalandmedical.com/hospitals

Hospital Choices

At General & Medical we have one of the largest selections of hospitals and medical facilities compared to any UK health insurer. We call these our Participating Hospitals and they include the majority of the leading national private hospital groups and the NHS private patient units, giving you access to the most modern facilities available in the UK.

Most of our Participating Hospitals provide a single private room with en-suite facilities for in-patient accommodation, together with a choice of menus, flexible visiting times and other facilities consistent with a modern private facility. This gives you timely access, privacy and the dedicated care and comfort you deserve.

The cost of treatment between different facilities can vary enormously, so we have grouped our Participating Hospitals to give you four choices. In this way, we are able to reflect the lower cost of treatment at certain facilities by reducing premiums according to the hospital option you choose.

Please visit: www.generalandmedical.com/hospitals

www.generalandmedical.com

Guided Care - We tirelessly collaborate with carefully selected hospital groups to negotiate the best rates for our customers, choosing a Guided Care option will allow these purposefully selected facilities to provide you with the same high level of treatment so we can pass these savings on to you.

First Choice - Our First Choice Hospitals are a select group of private hospitals and clinics at locations throughout the UK, including London, with whom General & Medical have close association. These include Spire Healthcare, Ramsay Healthcare, Circle Health Group and the majority of the Nuffield facilities. Those who choose our First Choice Hospitals benefit from our lowest premiums.

Freedom - Freedom Hospitals include all First Choice facilities and give members access to additional facilities throughout the UK, which are mainly NHS hospitals with private facilities attached, plus most other London hospitals.

Premium - Premium Hospitals are specialist facilities, that due to their reputation and location are able to charge substantially more for their medical services. You can include Premium Hospitals for an additional premium.

Premium Options

If reducing your premiums would help you to meet your budget, you can of course, choose a lower level of cover, for example by choosing Everyday instead of our Plus Upgrade or by selecting Guided Care as your hospital choice. You can also significantly reduce your premiums by adding an excess to your policy.

Policy Excess

Understanding the concept of an excess is pivotal in navigating the intricacies of insurance, and at General & Medical, we believe in helping our clients with comprehensive knowledge to make informed decisions.

An excess is an amount agreed in advance that you or each person on your policy pays towards the cost of a claim. For example, if you choose a £250 excess per claim and your treatment for one eligible claim costs £5,000, you would pay the first £250 and the remainder would be covered by us.

We recognise the significance of flexibility in insurance. Hence, we offer a range of excess options. You can add an excess of £150, £250, £500, £1000, £2000 or £3000, or alternatively opt for no excess. At the start of the policy, you choose whether the excess applies once per policy year or to each claim. It's important to note that if you choose an excess per policy year and your treatment for an eligible claim carries on into the next policy year, another excess will apply.

Remember - the higher the excess, the lower your premium. For example, even an excess of £250 per claim could reduce your premium by 15%. The important thing is to choose a level of excess that you can comfortably afford.

Underwriting Options

Our Private Health Insurance schemes are designed to cover new and unexpected medical conditions. We offer a choice of underwriting options as described below. Please take your time to read about the options as this is important information you will need to know.

Full Medical Underwriting

This means we ask medical declaration questions about past health. Any pre-existing conditions and related conditions may be excluded from cover, unless we agree to accept them. These exclusions will be shown on your Schedule of Cover.

Moratorium

This means we do not need a medical declaration to be completed. Instead we will not cover treatment of any pre-existing condition or related conditions if you have had symptoms, even if a medical opinion has not been sought, in the 60 month period prior to the member joining the scheme. However, we may agree to cover a pre-existing condition or related condition providing the condition or any related condition does not remain present, including in remission and only if there have been no symptoms, treatment, medication, diagnostic tests or advice for such conditions during a continuous 24 month period after joining the scheme.

Continued Moratorium

You can apply on this basis if you are transferring from an existing scheme, which is underwritten on a Moratorium basis. We apply our Moratorium conditions as above with effect from the commencement date of the scheme from which you are transferring.

Continued Personal Medical Exclusions

You can apply on this basis if you are transferring from an existing fully medically underwritten insurance scheme. We will apply the same personal medical exclusions to your cover with us that were applied to your previous scheme.

Health & Wellbeing Services

The health and wellbeing of you and your family is important to us. That's why we are pleased to include 24-hour Health and Wellbeing Support within all of our Private Health Insurance policies, to offer additional benefits to you and your family, all for no extra cost. Are there any age limits?

You may join a General & Medical scheme as an individual from the age of 16 up to your 75th birthday. Once covered there is no upper age limit.

Children under the age of 16 must be added to an adults policy. Children are classed as a child up to their 21st birthday, or their 25th birthday if they remain in full time education. Proof of full time education must be provided.

We also offer a range of Generation Healthcare schemes for children. You may join a General & Medical Generation Healthcare scheme for children as an individual from the age of 90 days, up to your 18th birthday.

Will my premium go up at renewal?

We review your premiums annually to reflect the overall cost of claims and medical inflation. Our schemes are priced using age bands, reflecting that people are more likely to claim as they get older. This means that you could see an age-related increase in your premium in addition to our general review. Your premium can be influenced by other factors such as the availability of new treatments, medical technologies and any claims made on your scheme.

How do I make a claim on my Private Health Insurance policy?

You should contact your Health & Care Support Specialist before you see your consultant so that we can confirm your cover. Your Health & Care Support Specialist will be able to guide you through the process of claiming and let you know what is and is not covered. The full claims procedure is detailed in your relevant policy documents.

How do I make a claim on my Emergency Medical Cover Outside The UK or Channel Islands Policy?

To make a claim for emergency medical treatment whilst outside the UK or Channel Islands please use the telephone numbers provided within your Schedule of Cover.

How do I make a claim on my Multi-Trip Travel Policy?

To make a claim for Multi-Trip Travel please use the telephone numbers provided within your Schedule of Cover.

How easy is it to switch from my previous insurer?

We make switching simple.

When switching, if you wish to continue any existing underwriting terms established with your existing insurer, all you have to do is submit a copy of your current policy certificate of cover showing your underwriting terms from your existing insurer with your application.

If you or anyone on the policy will be undergoing treatment at the time of switching it is best to complete your course of treatment before switching, however if you let us know the details of your treatment, we may be able to facilitate continuation of your treatment* without interruption.

*Subject to the treatment plan being eligible under your chosen cover with us.

What do I do if I have a complaint?

To avoid misunderstandings, you must read the information supplied when taking out your cover. If you are unsure about any aspect of cover, you should contact your personal Health & Care Support Specialist. We're here to help. We are committed to providing a high level of service to all our clients but occasionally things can go wrong. If this happens, we will do what we can to put things right.
